— WHAT I BUILD

Not a freelancer — a strategic partner who architects complex business systems.

CORE SKILLS

01 REVENUE SYSTEMS ARCHITECTURE

Automated infrastructure for lead gen, follow-up & reporting — runs without manual work or added headcount

02 GROWTH INFRASTRUCTURE

Full-funnel systems built to scale — PPC, paid social, SEO, retargeting

03 DIGITAL ASSET DEVELOPMENT

Websites & platforms built as business assets — engineered to convert, not just look good

04 SEARCH & VISIBILITY ENGINEERING

Traditional SEO + AI-driven discovery — positioned where buyers search, including next-gen AI platforms

05 BUSINESS INTELLIGENCE SYSTEMS

Real-time operational visibility — custom dashboards, CRM, finance & campaign data in one OS

06 BRAND & IDENTITY SYSTEMS

Built for businesses that need to look established — full identity, brand book, visual standards

07 FULL-STACK BUILD & DEPLOYMENT

End-to-end technical execution — SaaS products, proprietary tools, custom platforms delivered complete
